## **KARA WYANT, MD**

Dr. Wyant is Clinical Assistant Professor of Neurology at the University of Michigan, where she completed her Movement Disorders Fellowship training. She is dedicated to advancing the care of patients with Parkinson's Disease (PD) through research, education, and improving access to specialty care. She participates in clinical PD research trials, is a member of the Michigan Parkinson Foundation Professional Advisory Board, and works with MyMichigan Health to expand access to movement disorder care to a larger geographical area. Dr. Wyant is delighted to speak about how careful PD medication management can improve your quality of life!

## **ANDREW S. COLE, MD, MS**

Dr. Cole specializes in Neurorehabilitation for conditions that include Parkinson's Disease and brain injury. With a Master's degree in Exercise Science, he completed his medical school training and residency at the University of Utah. He is now Vice Chief of Staff at Kalkaska Memorial Health Center after previously serving at the (Montana) Kalispell Regional Medical Center as Department Chair for Medicine, and more recently, as Medical Director of Access for the Mary Free Bed Rehabilitation Unit at Munson Healthcare. Board-certified by the American Academy of Physical Medicine and Rehabilitation, physiatrist Dr. Cole has a deep empathy for the needs of his patients.
